ABOUT THE DEPARTMENT

The Department of Statistics was established in 1964 as a part of Mathematics Department, and since 1974 it is an independent Department. The Department has an excellent infrastructure for the teaching and research activities at M.Sc., M.Phil. and Ph.D. levels. Based on its excellence in teaching and research, the Department is having the status of "Department of Special Assistance" (DSA) under the Special Assistance Programme (SAP) of the UGC for the last 30 years. Even during this pandemic time, the Department has been actively organizing various on-line seminars and presentations as part of ongoing academic activities. In that pursuit, the Department has initiated special webinar series by eminent scholars/alumni.

ABOUT THE SPEAKER

Mohinder Kumar is currently working as an Assistant Professor in the Department of Computer Science and Applications at the Panjab University Regional Centre, Sri Muktsar Sahib, Punjab (India). He received his Bachelor's and Post-Graduation degree from the Panjab University, Chandigarh in 2005 and Punjab Technical University 2008, respectively. He started his Ph.D. from Panjab University, Chandigarh in 2018. His research focus is on the application of image processing, machine learning, deep learning, optical character recognition and pattern recognition techniques. He has published 05 research papers with reputed publishers (Springer and ACM) and given more than 10 expert lectures and paper presentation in various reputed institutions. His other areas of interest are Digital Forensic, Data Science and Data Analytics.

WHO CAN ATTEND

Faculty and Research Scholars from different Universities / Institutions / Colleges.
